

Founded in 1998, AddOn Computer is North America's leading provider of Transceivers and High Speed Cabling. With a reputation for high quality products as well as an extensive custom design portfolio, AddOn has the connectivity solution regardless of the requirement.

At AddOn, 100% of the products we ship every day are tested in the specific application for which they are intended—never batch or spec tested only. We run bandwidth, distance and IOS network tests. We have documented an impressive 0.3% failure rate over the last 10 years. To continue this rate of success we invest millions annually in our own on-site testing lab.

## TRANSCEIVERS

AddOn Transceivers seamlessly scale any network, while offering quality that exceeds the OEM. They expand network reach, increase bandwidth and improve network performance - ALL without voiding SmartNet or any additional SLA.

### FEATURED PARTS (OEM # -AO)

GLC-SX-MMD-AO  
SFP-10G-LR-AO  
SFP-10G-SR-AO

QSFP+

SFP+

XFP

SFP

## DIRECT ATTACH CABLES

Our Direct Attach Cabling comes in lengths up to 15m for copper (Twinax, CX4) or up to 100m for fiber (AOC), we also offer both active and passive solutions for copper cables as well.

### DUAL OEM FEATURED PARTS

ADD-SCISHP-PDAC1M  
ADD-SCISJU-PDAC1M

### FEATURED PARTS (OEM # -AO)

QSFP-H40G-ACU7M-AO  
QSFP-4x10G-AC7M-AO

QSFP+ Copper Twinax

40G AOC Breakout

## PATCH CABLES

AddOn Computer offers a variety of patch cables and accessories that provide seamless connectivity for all your current and future network hardware needs.

### FEATURED PARTS

ADD-MODE-LCLC6-1  
ADD-MPO4LC20M50M3  
ADD-ST-ST-10M6MMF

LC to LC OM3

SC to LC Mode

## MEMORY

AddOn provides memory for all router, server, laptop and notebook applications. We are consistent in shipping factory original, tier one brands such as Samsung, Micron and Hynix. The highest quality parts available.

### FEATURED PARTS (OEM # -AA OR AM)

MB194G/A-AA  
33L5040-AM  
13N1524-AA
